

Green Deal – The Coordinators

"I want the European Green Deal to become Europe's hallmark. At the heart of it is our commitment to becoming the world's first climate-neutral continent. It is also a long-term economic imperative: those who act first and fastest will be the ones who grasp the opportunities from the ecological transition. I want Europe to be the front-runner. I want Europe to be the exporter of knowledge, technologies and best practice."

— Ursula von der Leyen
President of the European Commission

Digital Age – The Coordinators

David Sassoli

"Digitalisation has a huge impact on the way we live, work and communicate. In some fields, Europe has to catch up – like for business to consumers – while in others we are frontrunners – such as in business to business. We have to make our single market fit for the digital age, we need to make the most of artificial intelligence and big data, we have to improve on cybersecurity and we have to work hard for our technological sovereignty."

— Ursula von der Leyen
President of the European Commission

People-Centered Economy – The Coordinators

European Parliament
1 February 2020 – H1 2024

David Sassoli

"We have a unique social market economy. It is the source of our prosperity and social fairness. This is all the more important when we face a twin transition: climate and digital. Valdis Dombrovskis will lead our work to bring together the social and the market in our economy."

— Ursula von der Leyen
President of the European Commission

Promoting our European Way of Life – The Coordinators

European Parliament
1 February 2020 – H1 2024

David Sassoli

"Protecting our European way of life requires making sure workers are equipped to thrive in our evolving labour market. A declining workforce and a digital and basic skills gap brings into sharp focus the need to equip people with the tools and knowledge they need. The European way of life is built around solidarity, peace of mind and security."
