"Digitalisation has a huge impact on the way we live, work and communicate. In some fields, Europe has to catch up – like for business to consumers – while in others we are frontrunners – such as in business to business. We have to make our single market fit for the digital age, we need to make the most of artificial intelligence and big data, we have to improve on cybersecurity and we have to work hard for our technological sovereignty."

— Ursula von der Leyen
President of the European Commission

Executive Vice-President Margrethe Vestager will coordinate the agenda on a Europe fit for the digital age.
