

Green Deal – The Implementers

1 July 2021 – 1 January 2022

"I want the European Green Deal to become Europe's hallmark. At the heart of it is our commitment to becoming the world's first climate-neutral continent. It is also a long-term economic imperative: those who act first and fastest will be the ones who grasp the opportunities from the ecological transition. I want Europe to be the front-runner. I want Europe to be the exporter of knowledge, technologies and best practice."

— Ursula von der Leyen
President of the European Commission

Executive Vice-President Frans Timmermans
will coordinate the work on the European Green Deal.

Digital Age – The Implementers

1 July 2021 – 1 January 2022

"Digitalisation has a huge impact on the way we live, work and communicate. In some fields, Europe has to catch up – like for business to consumers – while in others we are frontrunners – such as in business to business. We have to make our single market fit for the digital age, we need to make the most of artificial intelligence and big data, we have to improve on cybersecurity and we have to work hard for our technological sovereignty."

— Ursula von der Leyen
President of the European Commission

Executive Vice-President **Margrethe Vestager** will coordinate the agenda on a Europe fit for the digital age.
